

CIAF Selection Process

Eligibility

To be considered for selection swimmers must be eligible to swim for the Cook Islands Aquatic Federation (CIAF) as deemed by FINA and the CIAF.

Performance Criteria

Fastest swimmer means highest World Aquatics points scorer. For the absence of doubt, the World Aquatics points score will be used to determine the fastest swimmer in an event, and also between events and even between genders if required by the IOC, World Aquatics, or CISNOC

For World Aquatics or OC Competitions.

If 2 swimmers make a World Aquatics 'A' Time both will be eligible for selection. If more than 2, the fastest 2 in that event will be taken

If 1 swimmer makes a World Aquatics 'B' time that swimmer will be eligible for selection. If more than 1, the fastest in that event will be eligible.

If the minimum number of places are not be filled by either of the above, swimmers may be selected based on World Aquatics points to fill the remaining universality places.

Normally Long Course World Aquatics points scores will be used for Long Course events and Short Course FINA points scores will be used for Short Course events.

There may be additional limitations placed on the above criteria by either World Aquatics or the Cook Islands Sports and National Olympic Committee.

For Oceania and other Regional Competitions.

Where there are qualifying criteria for the competitions those criteria hold precedence.

Where the CIAF can determine the number of swimmers in an event. Swimmers will be selected based on World Aquatics points. The CIAF, will in a timely manner (more than 2 months prior to the event) publish its criteria for the event.

At the sole discretion of the CIAF swimmers may be able to swim in additional events. The fastest swimmer within the previous 12 months (Based on World Aquatics points) requesting the additional swim will take precedence.

Open Water Swimmers may be selected at the sole discretion of the CIAF.

To be selected for the competition swimmers must notify the CIAF of their qualifying event and send their results, or a link to their results. Qualifying events are any event 12 months prior to the CIAF determined close of entries to the competition.

Team Commitments

Swimmers who are unable or unwilling to be involved in team commitments (including but not limited to Swim Camps, Training Sessions, Team Meetings and Activities, the Competition and Media Commitments) maybe removed from the team.

Additional Notes

CIAF may amend the selection criteria at any time, by giving reasonable notice to all swimmers eligible for selection.

CIAF may replace any withdrawn swimmers with the next eligible swimmer.

If a swimmer is unable to qualify due to extenuating circumstance, and they notify the CIAF, they may be considered for selection at the sole discretion of the CIAF.

Competition Costs

While some competitions are covered by the CIAF there may be some user pays components, or some competitions that are fully user pays.
